

BUICK ENCLAVE

2 0 0 8

This is the all-new Enclave™. It is raising standards. It is raising eyebrows. It carries on the legendary qualities of Buick's past. Yet it's like no Buick® that has come before. It's an amazing fusion of seeming contradictions: Its cabin is pure indulgence, but can be transformed into a paradigm of practicality. It's exceedingly spacious and comfortable, but it's designed to drive with the agility and athleticism of a luxury sedan. It delivers impressive power on the road, without inflicting punishment at the pump.* It can isolate you from the outside world, or keep you connected, informed and entertained. It's a virtuoso of curves — whether they're the ones sculpted into its sheet metal, or the ones it confidently carves through ribbons of asphalt. Enclave is the chrome-plated declaration of the way every Buick of the future will be. And it's flat-out beautiful.

Available in dealerships summer 2007. *EPA estimated MPG 16 city/24 highway (FWD), 16 city/22 highway (AWD).

| Rubber floor mats | 20-inch chrome-plated twelve-split-spoke wheel (late availability) | |
| Advanced two-way remote start/remote monitoring system | | |

1 Cargo and load capacity limited by weight and distribution. 2 Maximum trailer weight ratings are calculated assuming a base vehicle, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Buick dealer for additional details. 3 Included and only available with Luxury Package. 4 Always use safety belts and the correct child restraint for your child's age and size. Even in vehicles equipped with the passenger sensing system, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See the vehicle Owner's Manual and child safety seat instructions for more information. 5 Head-curtain side-impact air bags are designed to help reduce the risk of head injuries to outboard front- and rear-seat occupants during certain side-impact collisions. 6 Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for system limitations and details. 7 Not available in certain areas. Visit onstar.com for map coverage. 8 Included and only available with Driver Confidence Package. 9 RDS functions only where stations broadcast RDS information. 10 XM is available only in the 48 contiguous United States. Service fees apply. Visit gm.xmradio.com for more details. 11 Navigation map only covers the 48 contiguous United States and portions of Canada but does not cover Alaska, Hawaii, Puerto Rico and the U.S. Virgin Islands. 12 Wheel and TPC tire systems are designed as a system and must be used as such.
